

Hain Daniels recalls Yorkshire Provender Jacket & Toast Toppers because of undeclared peanut

Hain Daniels is recalling Yorkshire Provender Jacket & Toast Toppers because they may contain peanuts which are not mentioned on the label. This means the product is a possible health risk for anyone with an allergy to peanuts.

This recall is linked to the wider issue of peanut contamination of mustard.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
