

North South Wines Ltd recalls Chill Bill Spritzzy Red Wine because of undeclared sulphites

North South Wines Ltd recalls Chill Bill Spritzzy Red Wine because it contains sulphites which are not declared on the label. This means the product is a possible health risk for anyone with a sensitivity to sulphur dioxide and/or sulphites.

Product details

Chill Bill Spritzzy Red Wine

Pack size	75cl
Lot number	L4011B1
Lot number	L4185B1

Risk statement

Allergen(s): Sulphites

The product contains sulphites making it a possible health risk for anyone with a sensitivity to sulphur dioxide and/or sulphites.

Action taken by the company

North South Wines Ltd is recalling the above product from customers and has contacted the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

Our advice to consumers

If you have bought the above product and have a sensitivity to sulphur dioxide and/or sulphites do not consume it. Instead return it to the store from where it was bought for a full refund (with or without a receipt). For further information, please contact North South Wines on 0203 871 9210 or hello@northsouthwines.co.uk

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
