

# Unilever UK recalls Wall's Mini Milk Vanilla Strawberry & Chocolate Ice Cream Lollies because allergens are not declared in English

Unilever UK recalls Wall's Mini Milk Vanilla Strawberry & Chocolate Ice Cream Lollies because they contain milk and may contain nuts (pistachios), peanuts and soya which are not mentioned in English on the label. This means the product is a possible health risk for anyone with an allergy or intolerance to milk or milk constituents and/or an allergy to nuts (pistachios) and/or an allergy to peanuts and/or soya.

## Product details

### Wall's Mini Milk Vanilla Strawberry & Chocolate Ice Cream Lollies

## Risk statement

**Allergen(s):** Milk, nuts (pistachios), peanuts and soya

This product contains milk and may contain nuts (pistachios), peanuts and soya making it a possible health risk for anyone with an allergy or intolerance to milk or milk constituents and/or an allergy to nuts (pistachios) and/or an allergy to peanuts and/or soya.

## Action taken by the company

Unilever is recalling the above product and has been advised to contact the relevant allergy support organisations. Point of sale notices will be displayed in all retail stores that are selling this product. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product.

## Our advice to consumers

If you have bought the above product and have an allergy or intolerance to milk or milk constituents and/or an allergy to nuts (pistachios) and/or an allergy to peanuts and/or soya, do not eat it. For further information and a refund, please contact the Unilever careline team at [ukicare@unilever.com](mailto:ukicare@unilever.com)

## **About allergy alerts**

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
