

# Morrisons recalls Nutella Ferrero B-ready because allergens are not declared in English

Morrisons is recalling Nutella Ferrero B-ready (6 Pack) because they contain barley and/or wheat (gluten), milk, hazelnut (nuts), and soya which are not listed in English on the label. This means the product is a possible health risk for anyone with an allergy or intolerance to barley, and/or wheat (gluten), and/or milk or milk constituents, and/or an allergy to nuts, and/or soya. All packs bought from Morrisons with label information in Polish are affected.

## Product details

### Nutella Ferrero B-ready (6 Pack)

Pack size	132g (6 x 22g)
Best before	All dates
Allergens	Gluten (barley, wheat), Milk, Nuts (hazelnut), Soya

## Risk statement

**Allergen(s):** Barley, wheat (gluten), milk, hazelnut (nuts) and soya

This means the product is a possible health risk for anyone with an allergy or intolerance to barley, and/or wheat (gluten), and/or milk or milk constituents, and/or allergy to nuts, and/or soya.

## Action taken by the company

Morrisons is recalling the above product from customers and will be contacting the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a recall notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

## Our advice to consumers

If you have bought the above product and have an allergy and/or intolerance to any of the allergens listed above, do not eat the product. Instead return it to Morrisons for a full refund.

## About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
