

# Freshers Foods Ltd recalls various pork snack products because of the presence of Salmonella

Fresher Foods Ltd is recalling several products because Salmonella has been found in some of the products. The products are packed in foil packets and glass jars. Where the product is packed in a glass jar, this is indicated in the table below.

## **Risk statement**

The presence of salmonella in the products listed above.

Symptoms caused by salmonella usually include fever, diarrhoea and abdominal cramps

## **Action taken by the company**

Freshers Foods Ltd is recalling the above products. Point of sale notices will be displayed in retail stores that are selling these products. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

## **Our advice to consumers**

If you have bought any of the above products do not eat them. Instead, return them to the store from where they were bought for a full refund. If you require further information, please contact Freshers Foods Ltd at enquiries@openshaws.net or telephone 07968542566.

## **About product recalls and withdrawals**

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
