

C&K Meats recalls sausage products because of undeclared sulphur dioxide

C&K Meats is recalling Country Style Pork Sausages and Sage & Caramelised Red Onion Pork Sausages because they contain undeclared sulphur dioxide which is not mentioned on the label. This means the products are a possible health risk for anyone with a sensitivity to sulphur dioxide and/or sulphites. The products are sold in Asda stores only.

C&K Meats Sage & Caramelised Red Onion Pork Sausages	
Pack size	400g
Use by	All dates up to and including 23 March 2018

Risk statement

Allergen(s): Sulphur dioxide and/or sulphites

These products contain sulphur dioxide making them a possible health risk for anyone with a sensitivity to sulphur dioxide and/or sulphites.

Action taken by the company C&K Meats Ltd is recalling the above products from customers and has been advised to contact the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers in Asda stores where the products have been sold. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the products. Please see the attached notice.

Our advice to consumers If you have bought either of the above products and have a sensitivity to sulphur dioxide and/or sulphites, do not eat them. Instead return them to the store from where they were bought for a full refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
