Tesco recalls Tesco Mixed Fruit and Nut 25g because of undeclared milk

Tesco is recalling Tesco Mixed Fruit and Nut because the product contains milk which is not mentioned on the label. This means the product is a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

Product details

Tesco Mixed Fruit and Nut

Pack size	25g
Batch code	L2196H221
Best before	13 January 2023

Risk statement

Allergen(s): Milk

This product contains milk making it a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

Action taken by the company

Tesco is recalling the above product from consumers and has contacted the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice and informed its customers. These notices explain to customers why the product is being recalled and advise them what to do if they have bought the product. Please see the attached notice.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
