Risk statement

Tereos UK is recalling granulated sugar due to the possible presence of metal in some packs. The presence of metal makes these products unsafe to eat and presents a safety risk.

Action taken by the company

Tereos UK is recalling the above products from Iceland, Poundland, and Sainsbury's. Point of Sale notices will be displayed in all retail stores that are selling these products. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the products. Please see the attached notices.

Our advice to consumers

If you have bought any of the above product do not eat them. Instead, return the product to the store from where it was bought for a full refund.

About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
