

# Candyco recalls various Monarch Confectionary products because of incorrect allergen labelling

Candyco recalls Monarch Confectionary chocolate satins (boiled sweets) and three flavours of Monarch Confectionary macaroon bars, because they contain milk, which is not correctly declared on the label. This means the products are a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

## Product details

### **Monarch Confectionary Chocolate Satins**

Pack size	100g
Best before	All dates up to and including 31 October 2019

### **Monarch Confectionery Vanilla, Raspberry and Peppermint macaroon bars**

Pack size	115g
Best before	All dates up to and including 31 March 2019

## Risk statement

**Allergen(s):** Milk

The products contain milk making it a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

## Action taken by the company

Candyco is recalling the above products. Point of sale notices will be displayed in all retail stores that are selling these products. This notice explains to customers why the products are being recalled and tell them what to do if they have bought the products. Please see the attached notice.

## Our advice to consumers

If you have bought the above product and have an allergy or intolerance to milk or milk constituents do not eat it. Instead return it to the store from where it was bought for a full refund.

## About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
