

Caffreys recalls its Confectionery Halloween Bloodie Mallows because it may contain salmonella

Caffreys has taken the precautionary step of recalling its Confectionery Halloween Bloodie Mallows because the product might contain salmonella. The product was sold in Northern Ireland.

Product details

Confectionery Halloween Bloodie Mallows

Batch code All batches
Best before 30 January 2019

No other Caffreys products are known to be affected.

Risk statement

The product listed above might be contaminated with salmonella.

Symptoms caused by salmonella usually include fever, diarrhoea and abdominal cramps.

Action taken by the company

Caffreys is recalling the above product. Point of sale notices will be displayed in all retail stores that are selling this product. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice. Our advice to consumers

If you have bought the above product do not eat it. Instead, return it to the store from where it was bought for a full refund.

About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
