Risk statement

The affected products have been labelled with incorrect use-by dates, and therefore could inadvertently be eaten past the date by which they can be safely consumed.

Action taken by the company

Waitrose is recalling the above products. Point of sale notices will be displayed in all stores that are selling these products. These notices explain to customers why the products are being recalled and tell them what to do if they have bought any of the products. Copies of the point of sale notices are attached.

About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
