

# Iceland Foods recalls Mars Dessert Bar because of undeclared peanut and egg

Iceland Foods is recalling Mars Dessert Bar because it may contain peanuts and egg, which are not mentioned on the label. As a result of a packaging error, some packs have been incorrectly packed with Snickers Dessert Bar. This means the product is a possible health risk for anyone with an allergy to peanuts and/or an allergy or intolerance to egg.

## Product details

### Mars Dessert Bar

<b>Pack size</b>	600g
<b>Best before</b>	23 February 2024

## Risk statement

**Allergen(s):** Peanuts and Egg

This product may contain peanuts and egg making it a possible health risk for anyone with an allergy to peanuts and/or an allergy or intolerance to egg.

## Action taken by the company

Iceland Foods is recalling the above product from customers and have contacted the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product.

## Our advice to consumers

If you have bought the above product and have an allergy to peanuts and/or an allergy or intolerance to egg, do not eat it. Instead, return it to the store from where it was bought for a full refund. For further details or if you have any questions, you can contact the customer care team on 0800 328 0800.

## About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
