Areas to explore:

- What is the pattern of food allergies or intolerances in Wales - does it differ to other parts of UK in distinct ways?
- What are consumer and stakeholder concerns?
- Welsh and Welsh language social media insights surrounding allergens.
- What is the provider landscape for 'free from' foods in Wales?
- Does the regulatory approach adopted in each country appear to make a difference to the protection and interests of food allergic consumers?
- Any other relevant aspects?
