Who will this consultation be of most interest to?

- Animal feed manufacturers, importers/exporters and retailers
- All feed purchasers, including for food and non-food producing animals
- Trade bodies representing stakeholders on animal feed, agriculture and the environment
- Trade unions representing stakeholders in the farming industry
- Organisations representing consumer interests in the feed and food-chains
- Enforcement Authorities

A list of interested parties is included in Annex A

Consultation subject

This consultation concerns twelve feed additive applications that have been submitted for authorisation in Great Britain (GB). Under current operating arrangements for Northern Ireland, businesses seeking a new authorisation for a regulated feed product to be placed on the Northern Ireland market will continue to follow EU rules.

In addition to this consultation, we have also published joint Food Standards Agency (FSA) and Food Standards Scotland (FSS) opinions and safety assessments for the applications.

- [FSA/FSS opinions on twelve applications for feed additives for use in animal feed](#)
- [FSA/FSS safety assessments on twelve applications for feed additives for use in animal feed](#)

Purpose of the consultation

This consultation provides the opportunity for stakeholders' views to be taken, to inform Ministers in England and Wales, (with Ministers in Northern Ireland kept informed) before they make a decision on the authorisation of the feed additives included in this consultation.

We are seeking feedback on the proposed terms of authorisation, our assessment of the potential impacts detailed in the consultation pack, and any further evidence you may have on additional impacts that we should consider.

[A parallel consultation](#) has been published by FSS.

Consultation pack

This consultation pack provides the background information and details you will need to know in order to respond to the questions in this consultation. The full consultation document is also accessible via these pages.
