Our advice to consumers

If you have bought the above product, do not drink it as the bottle may explode. Please contact Hawkstone on info@hawkstone.co for a refund and replacement. Please avoid unnecessary handling of the product and do not return it to the store, instead, safely dispose of the product.

About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
