

Nichols plc recalls Vimto Original because the bottles have been labelled with a ‘No Added Sugar’ statement

Nichols plc is recalling Vimto Original 500ml due to bottles being labelled with a ‘No Added Sugar’ statement. The product within the bottles contains added sugar. This makes the product a potential risk to consumers who need to manage their sugar intake.

Our advice to consumers

If you have bought the above products and need to manage your sugar intake, please do not drink them. Instead, return it to the store from where it was bought for a full refund. For more information contact Nichols plc on 01925 222 222 or productenquiries@vimto.co.uk

About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
