

British & Continental recalls Mica 3 Belgian Frangipans due to incorrect allergen labelling

British & Continental is recalling Mica 3 Belgian Frangipans because they contain wheat (gluten), milk, egg and soya which have not been emphasised on the label. This means the product is a possible health risk for anyone with an allergy or intolerance to wheat or gluten, and/or milk or milk constituents, and/or egg and/or an allergy to soya. The product is only distributed in Morrisons and Nisa.

Product details

Mica 3 Belgian Frangipans

Pack size 3 pack

Best before All dates up to and including 26 July 2019

No other British & Continental products are known to be affected.

Risk statement

Allergen(s): Wheat (gluten), Milk, Eggs and Soya

This product contains wheat (gluten), milk, eggs and soya making it a possible health risk for anyone with an allergy or intolerance to wheat or gluten, and/or milk or milk constituents, and/or egg and/or an allergy to soya.

Action taken by the company

British & Continental is recalling the above product from customers and have been advised to contact the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. These notices explain to customers why the product is being recalled and tells them what to do if they have bought the product. Please see the attached notice.

Our advice to consumers

If you have bought the above affected product and have an allergy or intolerance to wheat or gluten, and/or to milk or milk constituents, and/or egg and and/or allergy to soya do not eat it. Instead return it to the store from where it was bought for a full refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
