

# Lidl Northern Ireland recalls a batch of Deluxe Sriracha Cheddar Cheese Wedge because of contamination with *Listeria monocytogenes*

Lidl Northern Ireland is recalling a batch of Deluxe Sriracha Cheddar Cheese Wedge because *Listeria monocytogenes* has been found in this product.

## Product details

### Deluxe Sriracha Cheddar Cheese Wedge

Pack size	150g
Best before	11 May 2025

## Risk statement

The presence of *Listeria monocytogenes* in the above product.

Symptoms caused by this organism can be similar to flu and include high temperature, muscle ache or pain, chills, feeling or being sick and diarrhoea. However, in rare cases, the infection can be more severe, causing serious complications, such as meningitis.

Some people are more vulnerable to listeria infections, including those over 65 years of age, pregnant women and their unborn babies, babies less than one month old and people with weakened immune systems.

## Action taken by the company

Lidl Northern Ireland are recalling the above product. Point of sale notices will be displayed where the product is sold. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

## About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
