Risk statement

These products may contain pieces of plastic which makes them unsafe to eat.

Action taken by the company

Terry Smyth Ltd is recalling the above products. Point of sale notices will be displayed in retail stores in Northern Ireland that are selling the products. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the products.

Our advice to consumers

If you have bought any of the above products, do not eat them. Instead, return them to the store from where they were bought for a full refund.

About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
