

Accessibility statement for 'General Enquiries'

The [General Enquiry Service](#) (opens in a new window) is run by the Food Standards Agency. We want as many people as possible to be able to use this service. For example, that means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 400% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

[AbilityNet](#) has advice on making your device easier to use if you have a disability.

How accessible this service is

We know some parts of this service are not fully accessible. You can see a full list of any issues we currently know about in the non-accessible content section of this statement.
