

# Co-op recalls Veg Taster because of undeclared fish

Co-op Ltd is recalling Co-op Veg Taster because some packs may contain fish (salmon) which is not mentioned on the label. This means the product is a possible health risk for anyone with an allergy to fish.

## Product details

Co-op Veg Taster

Use by 07 July 2019

No other Co-op products are known to be affected.

## Risk statement

**Allergen(s):** Fish

This product contains fish making it a possible health risk for anyone with an allergy to fish.

## Action taken by the company

Co-op Ltd is recalling the above product from customers and has been advised to contact the relevant allergy support organisations, which will tell their members about the recall. The Co-op Ltd has also issued a point-of-sale notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product.

Please see the attached notice.

## Our advice to consumers

If you have bought the above product and have an allergy to fish do not eat it. Instead return it to the store from where it was bought for a full refund.

## About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
