

# Grape Tree recalls Raw Unsalted Macadamia Nuts because of contamination with Salmonella

Grape Tree is recalling Raw Unsalted Macadamia Nuts because Salmonella has been found in the product.

## Product details

### : Grape Tree Raw Unsalted Macadamia Nuts

Pack size	250g
Batch code	G41 5 003 242186
Best before	May 2026

## Risk statement

The presence of Salmonella has been found in this product listed above.

Symptoms caused by Salmonella usually include fever, diarrhoea and abdominal cramps. If you are experiencing these symptoms, you should stay away from work, school or nursery until you have stopped having symptoms for at least 48 hours to avoid passing it on to others.

## Action taken by the company

Grape Tree is recalling the above product. Point of sale notices will be displayed in stores where the product was sold. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see attached recall notice.

## Our advice to consumers

If you have bought the above product do not eat it. Instead return it to the store from where it was bought for a full refund. For more information, please email [info@grapetree.co.uk](mailto:info@grapetree.co.uk).

## About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
