

Consultation on Market Authorisation of 4 Regulated Food Products 15 December 2025

Status: Open

Date launched: 15 December 2025

Closing date: 8 February 2026

This consultation will be of most interest to

All England, Wales, and Northern Ireland food and feed businesses, local and port health authorities, district councils, and other stakeholders with an interest in food and feed safety. A parallel consultation is being published by [Food Standards Scotland \(FSS\)](#).

Consultation subject

This consultation seeks stakeholders' views, comments, and feedback in relation to the regulated product applications considered in this document, which have been submitted for:

- Extension of use of the authorised novel food, Schizochytrium sp.oil rich in DHA and EPA
- New authorisation of 2'-fucosyllactose (produced by a derivative strain of Escherichia coli W (ATCC 9637))
- New authorisation of 3'-Sialyllactose (3'-SL) sodium salt (produced using a derivative strain of Escherichia coli W (ATCC 9637))
- New authorisation of 6'-Sialyllactose (6'-SL) sodium salt (produced using a derivative strain of Escherichia coli W (ATCC 9637))

Purpose of the consultation

In consulting, the Food Standards Agency (FSA) is seeking views from stakeholders on the proposed authorisation and the terms on which it is proposed or labelling requirements, and on any other legitimate factors (i.e. social, environmental, economic etc) as identified. Stakeholders are invited to use this opportunity to comment on these factors or highlight any additional factors that should be brought to the attention of ministers before a final decision is made.
