

# Cesare Fiorucci SpA recalls two salami products because of undeclared milk

Cesare Fiorucci SpA is recalling Fiorucci IL GUSTO D'Italia Salame Classico and Fiorucci Salametto because they contain milk which is not declared on the label. This means the products are a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

## Risk statement

### Allergen(s): Milk

The products contain milk making it a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

## Action taken by the company

Cesare Fiorucci SpA is recalling the above products from customers. Point-of-sale notices will be displayed in stores selling this product. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the product.

## Our advice to consumers

If you have bought the above products and have an allergy or intolerance to milk or milk constituents, do not eat it. Instead return the products to the store from where it was bought for a full refund.

## About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
