

# Update 2: Zorba Delicacies Limited recalls various houmous products because of the possible presence of salmonella

Zorba Delicacies Limited is further extending the recall to include additional brands and flavours of houmous because the products may contain salmonella. This update also contains amendments to some product names.

**Risk statement**

The products listed above might be contaminated with salmonella. Symptoms caused by salmonella usually include fever, diarrhoea and abdominal cramps.

**Action taken by the company**

Zorba Delicacies Limited is recalling the above products. Point of sale notices have been displayed in all retail stores that are selling these products. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the product.

Where available, examples of notices are attached. .

## **About product recalls and withdrawals**

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
