Pack size	750ml
Best before	12 July 2020
Allergens	Sulphur dioxide and/or sulphites

Risk statement

Allergen(s): Allergens: Sulphur dioxide and/or sulphites

This product contains sulphites, making it a possible health risk for anyone with a sensitivity to sulphur dioxide and/or sulphites.

Action taken by the company

Lidl is recalling the above product from customers and has contacted the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

Our advice to consumers

If you have bought the above product and have a sensitivity to sulphur dioxide and/or sulphites, do not drink it. If customers are making an essential trip to a Lidl GB store, they can return the item in-store. Alternatively, customers can email customer.services@lidl.co.uk with a photo of the affected item and the best before date to claim a refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
