

Stockley's recalls Fruit Sherbets because of undeclared milk

Stockley's is recalling Fruit Sherbets because they contain milk which is not mentioned on the label. This means the product is a possible health risk for anyone with an allergy or intolerance to milk or milk constituents. The affected product was only sold in Iceland stores.

Product details

Stockley's Fruit Sherbets

Pack size 250g
Batch code 0255
Best before February 2022 and March 2022
Allergens Milk

Risk statement

Allergen(s): Milk

This product contains milk making the product a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

Action taken by the company

Stockley's is recalling the above product from customers and has been advised to contact the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

Our advice to consumers

If you have bought the above product and have an allergy or intolerance to milk or milk constituents, do not eat it. Instead return it to the store from where it was bought for a full refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers

because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
