

# CSA Science reports

The Chief Scientific Adviser Science Reports provide a greater understanding of our science and insights into some of our cutting edge work.

## **Risk analysis – Issue nine**

[View Chief Scientific Adviser's report on risk analysis as PDF](#) (1.54 MB)

## **Data standards – Issue eight**

[View Chief Scientific Adviser's report on data standards as PDF](#) (908.89 KB)

## **Food Hygiene Rating Scheme - Issue seven**

[View Chief Scientific Adviser's report on FHRs as PDF](#) (1.95 MB)

## **Data science in the FSA - Issue six**

[View Chief Scientific Adviser's Science Report - Issue six: Data Science as PDF](#) (1.9 MB)

## **Food allergy and intolerance - Issue five**

[View The Fifth CSA report as PDF](#) (1.5 MB)

## **Antimicrobial resistance - Issue four**

[View Chief Scientific Adviser's report on AMR in the food chain as PDF](#) (946.2 KB)

## **Whole genome sequencing - Issue three**

[View Chief Scientific Adviser's Science Report - Issue Three: Whole-genome sequencing of Foodborne Pathogens as PDF](#) (1.14 MB)

## **Food chemicals - Issue two**

[View Chief Scientific Advisor's Science Report: Issue Two \(Seeking and acting on independent expert advice on food chemicals\) as PDF](#) (2.75 MB)

## **Foodborne viruses - Issue one**

[View Chief Scientific Advisor's Science Report: Issue One \(Foodborne Viruses\) as PDF](#) (1.51 MB)
