

Morrisons recalls Morrisons Minestrone Soup because of undeclared celery

Morrisons is recalling Morrisons Minestrone Soup because some packs contain celery which is not mentioned on the label. This means the product is a possible health risk for anyone with an allergy to celery. The label also mentions that the product is suitable for vegans. The Minestrone Soup is not suitable for vegans as it contains bacon.

Risk statement

Allergen(s): Celery

This product contains celery making it a possible health risk for anyone with an allergy to celery.

Our advice to consumers

If you have bought the above product and have an allergy to celery, do not eat it. Instead return it to the store from where it was bought for a full refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
