

# KP Snacks recalls popchips Sea Salt flavour because of undeclared milk

KP Snacks is recalling popchips Sea Salt flavour potato snacks because they contain milk which is not mentioned on the label. This means the product is a possible health risk for anyone with an allergy or intolerance to milk or milk constituents. Due to a packaging error some packs may have been filled with Sour Cream and Onion flavour popchips.

## **About allergy alerts**

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
