

FSA consumer research to explore communications on food safety messaging

Area of research interest: [Consumer Interests \(aka Wider Consumer Interests\)](#)

Study duration: 2020-08-01

Project status: Completed

Authors: Polly Hollings, Lauren Porter, Daniel Cameron

Conducted by: Ipsos MORI

Date published: 30 September 2021

DOI: <https://doi.org/10.46756/sci.fsa.jjh457>

During analysis of the research findings, the COM-B framework, was applied to help understand how best to support behaviour change. These components are referenced in the research conclusions and were used to develop a framework for the FSA Food Safety Communication Toolkit.
