

# Interdragon International Trading Co and Asia Oriental Market recall XZL Milk Fruit Jelly School Bag because of a choking hazard

Interdragon International Trading Co. Ltd and Asia Oriental Market Ltd are recalling XZL Milk Fruit Jelly School Bag because the product contains Carrageenan, Sodium Alginate and Konjac that are not permitted as an ingredient in jelly confectionery as they present a choking hazard.

## Product details

### XZL Milk Fruit Jelly School Bag

Pack size	600g
Best before	1 September 2022 up to and including 30 September 2022

## Risk statement

### Choking hazard

The product contains Carrageenan, Sodium Alginate and Konjac gelling agents which can present a choking hazard due to the consistency, solubility, shape, size and manner of consumption of the food. The product can be projected from the cup or capsule in one piece by exerting pressure at the tip and therefore can cause a choking hazard.

## **About product recalls and withdrawals**

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
