

SA Wholesale recalls Robertsons Rajah Curry Powder because of celery and mustard

SA Wholesale is recalling four flavours of Robertsons Rajah Curry Powder because they contain celery and mustard which are not mentioned on the product labels. This means the products are a possible health risk for anyone with an allergy to celery and/or mustard.

Risk statement

Allergen(s): Celery

Mustard

These products contain celery and mustard making them a possible health risk for anyone with an allergy to celery and/or mustard.

Action taken by the company

SA Wholesale is recalling the above products from customers and has been advised to contact the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customer. This notice explains to customers why the products are being recalled and tells them what to do if they have bought the products. Please see the attached notice.

Our advice to consumers

If you have bought any of the above products and have an allergy to celery and/or mustard, do not eat them. Instead return them to the store from where they were bought for a full refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it

might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
