

# Cranswick Country Foods recalls several products containing chicken because salmonella has been found

Cranswick Country Foods are recalling several products containing chicken because salmonella has been found in some of the chicken used to manufacture these products. As a precaution additional products are also being recalled whilst investigations continue.

## **Risk statement**

The products listed above may be contaminated with salmonella. Symptoms of salmonella usually include fever, diarrhoea and abdominal cramps.

## **Action taken by the company**

Cranswick Country Foods is recalling the above products. Point-of-sale notices will be displayed in all retail stores that are selling these products. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the above products.

## **Our advice to consumers**

If you have bought the above products, do not eat them. Instead, return them to the store from where they were bought for a full refund.

## **About product recalls and withdrawals**

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
