

# Manual for official controls

Legal requirements and standards for approved meat establishments.

Once your premises have been approved, you will find the Manual for Official Controls (MOC) beneficial for further information.

The MOC describes the tasks, responsibilities and duties of our staff carrying out official controls in approved establishments.

## Manual for Official Controls guidance

The Manual for Official Controls documentation is accurate as of **5 November 2025**. Recent changes to the MOC can be found in the revision log.

### Northern Ireland

In Northern Ireland, officials from the Department of Agriculture, Environment and Rural Affairs (DAERA) carry out meat hygiene official controls in approved establishments on behalf of us in Northern Ireland.

The MOC describes the tasks, responsibilities and duties of DAERA officials carrying out official controls in approved establishments on behalf of us. This is maintained and updated by DAERA and can be found on their website.

### References to EU legislation in FSA guidance

Directly applicable EU legislation no longer applies in GB. EU legislation retained when the UK exited the EU became assimilated law on 1 January 2024, published on [legislation.gov.uk](https://legislation.gov.uk). References to any legislation in FSA guidance with 'EU' or 'EC' in the title (e.g. Regulation (EC) 178/2002) should now be regarded as assimilated law where applicable to GB. References to 'Retained EU Law' or 'REUL' should now be regarded as references to assimilated law.

For businesses moving goods from Great Britain to Northern Ireland, information on [the Windsor Framework](#) is available on GOV.UK.

The Windsor Framework was adopted by the UK and EU on 24 March 2023. The Framework provides a unique set of arrangements to support the flow of agrifood retail products from Great Britain (GB) to Northern Ireland (NI), allowing GB standards for public health in relation to food, marketing and organics to apply for pre-packed retail goods moved via the NI Retail Movement Scheme (NIRMS).
