

Alpro recalls Alpro Rice drink because of undeclared oats (gluten)

Alpro UK Limited is recalling part of a batch of Alpro Rice drink because it contains oats (gluten), which is not mentioned on the label. This means the product is a possible health risk for anyone with an allergy or intolerance to oats or gluten.

Product details

Alpro Rice Drink

Pack size	1 Litre
Batch code	L 090 2 (the affected batch was manufactured between 15:07 and 18:24)
Best before	31 December 2022

Risk statement

Allergen(s): Oats (gluten)

This product contains oats (gluten) making it a possible health risk for anyone with an allergy or intolerance to gluten.

Action taken by the company

Alpro UK Limited is recalling the above product from customers and has been advised to contact the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. This notice explains to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

Our advice to consumers

If you have bought the above product and have an allergy or intolerance to oats or gluten, do not drink it. Instead, return it to the store from where it was bought for a full refund. If you have any queries, please contact the Alpro Careline team on 0333 300 0900 or at <https://www.alpro.com/uk/contact>.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
