### What has happened?

As a result of an error during the co-packing process, certain Lindt shell eggs were placed in the incorrect packaging. Where a milk egg has been placed in dark egg packaging or where a milk egg has been placed in white egg packaging, the label does not list **barley malt extract** as an ingredient.

### Risk

Affected products contain **barley malt extract**, making them a possible health risk for anyone with an allergy or intolerance to **barley**. There is **no** risk to consumers who are intolerant to gluten.

#### Our advice to consumers

If you have bought the above products and have an allergy or intolerance to barley, do not eat them. Instead return them to the store from where they were bought for a full refund.

We apologise for any inconvenience caused.
