

PRODUCT RECALL

**Dr. Oetker Regal-Ice
Ready Rolled Icing, White
Best Before 12.10.18
Barcode: 5010301043458**

What's Happened?

Dr. Oetker is recalling this batch of its Ready Rolled Icing. A very small number of packs were mistakenly filled with ready rolled marzipan. We are concerned that consumers will be disappointed as it is not the product expected, and whilst the packaging is clearly marked “may contain nuts (almonds)”, the product is not suitable for anyone suffering from a nut allergy.

What should you do?

If you have purchased a pack of Ready Rolled Regal Ice with the best before code 12.10.18 & you have an allergy to nuts, please return it to the store you purchased it from for a refund.

Consumers can also contact Dr. Oetker consumer relations team at CRT@oetker.co.uk

No other Best Before Dates or Dr. Oetker products are affected.
