

FOOD STANDARDS AGENCY NORTHERN IRELAND CONSULTATION

TITLE: CONDENSED MILK AND DRIED MILK REGULATIONS (NORTHERN IRELAND) 2018

CONSULTATION SUMMARY PAGE

Date consultation launched:	Closing date for responses:
13th December 2017	29th January 2018

Who will this consultation be of most interest to?
 Enforcement authorities, manufacturers, wholesalers and retailers of condensed milk and dried milk. The consultation may also be of interest to consumers and others who may have an interest in the policy and legislation on condensed milk and dried milk.

What is the subject of this consultation?
 The draft Condensed Milk and Dried Milk Regulations (Northern Ireland) 2018 aim to consolidate the Condensed Milk and Dried Milk Regulations (Northern Ireland) 2003 (“the 2003 Regulations”) and the Condensed Milk and Dried Milk (Amendment) Regulations (Northern Ireland) 2008 (“the 2008 Regulations”). The draft Regulations will remove out-dated references to the Food Labelling Regulations (Northern Ireland) 1996 (“FLR”) and introduce improvement notice provisions for non-compliance.

What is the purpose of this consultation?
 To provide stakeholders with an opportunity to comment on the draft Regulations (at annex B). The Regulations are based on the proposed preferred option of consolidating the 2003 and 2008 Regulations, and to remove out of date references to the FLR and introduce improvement notice provisions for non-compliance.

Responses to this consultation should be sent to:

CONDENSED MILK AND DRIED MILK REGULATIONS (NORTHERN IRELAND) 2018

DETAIL OF CONSULTATION

Food Standards Agency in Northern Ireland (FSA) welcomes your comments on the draft Condensed Milk and Dried Milk Regulations (Northern Ireland) 2018 (see Annex B).

Introduction

1. The purpose of the draft Regulations is to –

- Consolidate the 2003 and 2008 regulations
- Correct out-dated references to the FLR; and
- Allow enforcement officers to issue improvement notices for non-compliance

Background

2. Currently domestic rules in this area are provided by the 2003 and 2008 Regulations. The 2003 and 2008 Regulations implement EU Directive 2001/114/EC and 2007/61/EC respectively. Directive 2001/114/EC lays down compositional standards relating to certain partly or wholly dehydrated preserved milk products intended for human consumption. Directive 2007/61/EC amends 2001/114/EC adjusting compositional standards relating to certain partly or wholly dehydrated preserved milk products intended for human consumption.
3. Currently, the 2003 Regulations refer to the labelling requirements of the FLR. However, the majority of the provisions contained in the FLR were revoked by the Food Information Regulations (Northern Ireland) 2014 (FIR). The references to the FLR in the 2003 Regulations therefore need to be removed.
4. Most of the references to the FLR in other food-related regulations were removed by the FIR in 2014. It was decided at the time not to use the FIR to remove the reference to the FLR from the 2003 Regulations. The rationale was at that time, a consultation was being undertaken by FSA in Northern Ireland to make a separate SR to amend the 2003 Regulations, and it was intended to use those amendment Regulations to correct the references to the FLR. In the event, those amendment Regulations were never made, effectively retaining the incorrect references to the FLR in the 2003 Regulations.

Enforcement

5. The draft SR provides an opportunity to bring the condensed milk and dried milk regulations in line with other food labelling and compositional Regulations by introducing improvement notice provisions for non-compliance.
6. Improvement notices would be used as part of the hierarchy of enforcement when informal measures are no longer appropriate and the contravention or issue should be elevated to formal enforcement action. If the conditions set by an improvement notice are not met then the non-compliance with those conditions will be a criminal offence. Businesses will have the opportunity to appeal against an improvement notice; appeals will be heard by a magistrate's court.

Proposals

The options being considered are:

1. Do nothing. Allow the 2003 and 2008 Regulations to remain in place with incorrect references to the FLR. This option may cause unintentional non-compliance by businesses making condensed milk and dried milk and cause confusion for enforcement authorities enforcing the 2003 and 2008 Regulations.
2. Revoke and replace the 2003 and 2008 Regulations to correct references to the FLR and take this opportunity to bring the condensed milk and dried milk regulations in line with other food composition and labelling regulations by introducing improvement notice provisions for non-compliance.

Key proposals:

- Revoke and replace the 2003 and 2008 Regulations
- Remove references to the FLR
- Introduce improvement notices provisions for non-compliance

Consultation Process

A six-week consultation is being launched to provide interested parties with the opportunity to comment on these proposals. A full twelve-week consultation is not deemed necessary in this case as the proposed amendment only consolidates current regulations, while also correcting a technical reference to FLR and introduces improvement notices which are already widely used in food standards related legislation.

We are particularly keen to hear from Small and Medium Enterprises (SMEs) on any likely impact and would encourage them to comment on all aspects of the proposal.

Any responses received as part of this consultation will be given careful consideration and a summary of the responses received will be published on our website within three months of publication of the regulation.

Questions asked in this consultation:

Q1: We are not conducting an Impact Assessment as we don't believe there will be an impact on businesses or Enforcement Authorities. We would like to request that any businesses or Enforcement Authorities who feel they may be impacted by the change in regulations please respond to the consultation.

Q2: We invite stakeholders including Enforcement Authorities to comment on the enforcement proposals as outlined within the consultation package.

The Department of Health(a) makes the following Regulations in exercise of the powers conferred on it by Articles 16(1)(a) and (e), 17(1), 25(1) and (3), 26(3) and 47(2) of the Food Safety (Northern Ireland) Order 1991(b) and paragraph 1A of Schedule 2 to the European Communities Act 1972(c).

These Regulations make provision for a purpose mentioned in section 2(2) of the European Communities Act 1972 and it appears to the Department of Health, Social Services and Public Safety that it is expedient for any reference in the following Regulations to a European Union instrument referred to in regulation 2(4) to be construed as a reference to that instrument as amended from time to time.

In accordance with Article 47(3A) of that Order, it has had regard to relevant advice given by the Food Standards Agency.

As required by Article 9 of Regulation (EC) No. 178/2002 of the European Parliament and of the Council laying down the general principles and requirements of food law, establishing the European Food Safety Authority and laying down procedures in matters of food safety(d), there has been open and transparent public consultation during the preparation and evaluation of these Regulations.
