In the original version of the Wave 5 Food and You report, responses for the question "At the moment, how often do you eat cured and dried meats?" were accidentally omitted from Section 1.3 and Table 1.4.

Responses for the question "At the moment, how often do you eat raw milk?" were also accidentally omitted from Section 1.3 and from Table 1.5

The correct figures have now been added to the Wave 5 report and the accompanying tables.

In Wave 5, the question "At the moment, how often do you eat pre-cooked meats (e.g. ham or meat pate)" was reworded to exclude the examples. However, the unrevised wording was used in Table 1.4 and Figure 1.3 of the original Wave 5 report. This has now been corrected from "pre-cooked meats (e.g. ham or meat pate)" to "pre-cooked meats?". A footnote has been added to the report noting this change.
