## Food safety checklist

This checklist covers the key things that will be checked during a food safety inspection. Your rating will be based on what is seen on the day of inspection. If you answer 'no' to a question you must put it right.

Hygiene of Food Rooms & Equipment			
Are food rooms and equipment in good condition and well maintained?			
Are food rooms clean and tidy and do staff			
clean as they go including difficult areas?			
Is equipment easy to clean and kept in a			
clean condition?			
Are all food and hand contact surfaces e.g. work surfaces, slicers, fridge handles,			
probe thermometers, in good condition			
and cleaned/ disinfected regularly?			
Are suitable BS EN app oved cleaning			
chemicals available and stored correctly and are proper cleaning methods used?			
Are separate cleaning cloths used in clean			
areas? If they are re-used are they			
laundered in a boil wash?			
Food Storage Are deliveries appropriately stored			[
immediately?			
Is ready-to-eat food stored			
above/separate from raw food in the			
fridges and freezers?			
Is food in fridges/freezers covered? Are high risk foods date coded, codes			
checked daily and stock rotated?			
Are dried goods stored correctly e.g. in a			
suitable room, off the food, in covered			
containers? Is outer packaging removed from ready-to-			
eat food before being placed into a *clean			
area?			
Are freeze s working properly?			
Are fridges and freezers defrosted			
regularly? Food Handling Practices			
Are ready-to-eat foods prepared in			
separate clean areas?			
Are separate utensils and equipment used			
for ready-to-eat foods unless disinfected in a dishwasher? Is the dishwasher in good			
working order and regularly serviced?			
Is wrapping and packaging used for ready-			
to-eat food kept in the clean area?			
Do separate staff handle ready-to-eat food o a e controls being followed to ensure			
staff change clothing and wash hands			
before handling ready-to-eat food.			
Is separate **complex equipment			
provided for ready-to-eat food and is it located in the clean area?			
Are staff handling food as little as			
possible? e.g. Using tongs			
If colour coded equipment is provided (e.g. utensils, chopping boa ds), is it			
correctly used?			
Are high risk foods prepared in small			
batches and placed in the fridge			
immediately after handling/preparation? Is food cooled as quickly as possible away			
from raw food and other sources of			
contamination?			
Are vegetables/fruit/salads/ trimmed and			
washed thoroughly before use unless labelled as 'ready-to-eat'?			
Are ready-to-eat foods kept separate on			
display and screened from customers?			
Are adequate clean utensils available for			
self-service? Are frozen foods defrosted safely?			
Are controls in place to prevent			
contamination by chemicals/foreign			
bodies e.g. glass, packaging materials,			
bolts, rust, cleaning chemicals?			
Are staff aware of food allowed be and allowed by			
Are staff aware of food allergy hazards? Are controls being followed to ensure staff			
Are staff aware of food allergy hazards? Are controls being followed to ensure staff wash hands after handing aw food and			
Are controls being followed to ensure staff wash hands after handing aw food and before touching surfaces, such as the cash			
Are controls being followed to ensure staff wash hands after handing aw food and before touching surfaces, such as the cash register?			
Are controls being followed to ensure staff wash hands after handing aw food and before touching surfaces, such as the cash			

	Satisfactory			
	Yes	No	Details of action taken	
Personal Hygiene				
Are staff ft to wo k, wearing clean, suitable				
protective clothing and following personal				
hygiene rules particularly hand washing?				
Are wash hand basins clean with hot				
water, soap and hygienic hand drying				
facilities?				
Are wash hand basins used for hand				
washing only and is effective handwashing				
by staff regularly observed?				
Are staff toilets and changing facilities				
clean and tidy?				
Pest Control				
Are premises pest proofed and free from				
any signs of pests?				
Where necessary are external doors/				
windows fitted with suitable fly screens?				
Are insectocutors (if provided) properly				
maintained?				
Is food properly protected from risk of				
contamination by pests?				
Waste Control				
Is waste in food rooms stored correctly?				
Is food waste stored correctly outside and				
is the refuse area kept clean?				
Is unfit food clearly labelled and stored				
separately from other foods?				
Checks and Record Keeping	_	-		
Are all checks properly taken and				
recorded?				
Has appropriate corrective action been				
taken where necessary?				
Are record sheets up-to-date, checked and				
verified?				
Are equipment time/temperature				
combinations regularly cross-checked?				
Review (4 weekly)				
Any new suppliers and approved list				
updated?				
Any new menu items updated?				
Any new food handling methods or				
equipment updated?				

\*A 'clean area' is a room o an area within the food premises where only ready-to-eat foods are handled. No raw foods can be handled here. The clean area might be fixed in the same location on a permanent basis or may be set up on a temporary basis following a thorough cleaning and disinfection process of the entire area. A temporary clean area should include clean storage facilities for storing equipment and packaging when the temporary clean area is not in use.

**\*\*Complex equipment** is the term given to those items of equipment that can be very difficult to clean. This may be because it is hard to access all parts of the equipment or because it is made up of a number of small parts and surfaces which may not be smooth or

easy to clean. For these reasons complex equipment provided for use on ready-to-eat food should not be used for raw food.
