Guidance notes

- Under the Wine Regulations it is a statutory requirement that you notify Wine Standards **in advance** and **in writing** of the **enrichment of grape must or wine**.
- This form, duly completed, must be received by Wine Standards **at least 48 hours** before the operation takes place. This is to enable the inspector to visit your winery to ensure compliance with the law.
- The inspector may check in particular that:
 - (a) if enrichment is carried out using sucrose it is only done by sugaring in the dry
 - (b) the increase in alcoholic strength is limited to a maximum of 3% vol. (when exceptionally unfavourable weather conditions occur, the UK may request an additional 0.5% vol. increase)
 - (c) the minimum actual alcoholic strength after enrichment is 8.5% vol. and
 - (d) enriched non-geographical or regional must or wine does not exceed 11.5% vol. **total** alcohol for white and 12% vol. for red (not applicable to quality wine)
- For Quality wine, refer to the current Notice to Vine Growers and Wine Producers
- Details of local Wine Standards Inspectors are available at **www.food.gov.uk/wine**

Records

The records of all enrichment operations must be completed on the day that the operation takes place. They must contain the following information:

- date
- description
- quantity and natural alcoholic strengths of must before enrichment
- quantity and nature of material used to increase strength
- quantity and total alcoholic strength after enrichment, and
- increase in strength as % vol

Definitions of alcoholic strengths, a must weight conversion table and an enrichment sugar table are available from Wine Standards.
